Arts

Visual Arts

YEAR 7 SKILLS

- What the Elements of art are and how to apply them
- Creating with a variety of mediums
- Self reflection to develop a sense of identity
- Understanding of how culture inspires identity

The term long Year 7 Visual arts course is designed to get students reflecting on their inner selves and the world around them. They will work to develop their understanding of the elements of art and their application of artistic skills.

Students develop a range of skills around painting with different mediums, and sculpting with different materials. This knowledge is then applied to both a self portrait project and a cultural inspired mask.
