Arts Dance

YEAR 7 SKILLS

- Safe Dance Practices
- Dance Technique and movement skills
- Choreography and Performance
- Appreciation and Understanding of the Elements of Dance

The year 7 Dance course is designed to introduce students to explore dance as an art form through choreography, performance, and appreciation. It engages students to express and communicate ideas and feelings. Through this course students will develop their creativity, reflection, and communication skills, as well as their awareness of the body through movement acquisition. Students will participate in movement and technique workshops of a variety of dance styles that will develop kinaesthetic skills. Assessment tasks are designed to allow students to choreograph, rehearse and perform their own work. Students learn to use the elements of dance to create, analyse and explore a variety of dance pieces from different contexts.
