# Humanities **Humanities & Social Sciences (HaSS)**

## **YEAR 7**

### TERM 1

Civics & Citizenship: Civic  
Participation

History: Deep Time (Ancient Australia)

### TERM 2

History: Deep Time (Ancient Australia)  
Civics & Citizenship: Ancient  
Civilizations

### TERM 3

Geography: Water in the World

### TERM 4

Geography: Place and Liveability,  
Business & Economics

HaSS is the study of the world around us through subjects such as History, Geography, Business and Economics, and Civics and Citizenship. The HaSS course at MCSS encourages students to develop an appreciation of culture through the study of different societies and civilisations across time and space. In Year 7, students develop their understanding of their role within our society through a close examination of what it means to be an active citizen. Students further develop their understanding of our country through investigating ancient Australia through our 'Deep Time' unit. Students will also have the opportunity to examine another ancient society. In Geography, students investigate the role of water as an environmental resource and focus on the concepts of place and liveability. Students also learn what it means to be a consumer through the Business and Economics unit.
